OUR COMPANY

Creativity as a guide began Milachocolata on a world tour processing native flavors, flowers, unusual toppings, spices and edible gold with premium chocolate. All this combined makes Milachocolata's chocolates so special and unique. Anna and her team do not want to compromise on the quality of products. They spend a lot of attention to quality, design and appearance of both the chocolate and the packaging.

Any chocolate creation from Milachocolata is made by hand and with passion. Variety of flavors and creations are therefore possible. Contact us. We like to offer customization. At Milachocolata, not only do the cocoa beans deserve the greatest attention, but our chocolate must be refined and of top quality.

We source the best ingredients from all over the world. As:

- the vanilla pods come out Madagascar
- the best hazelnuts from Italy
- the pistachios from Iran

Of course there are many more exotic ingredients! Milachocolata is all about quality and unique chocolate creations.

Our make and order service

- the best quality chocolate
- handmade and especially for you
- luxury gift packaging
- safe & fast payment
- fast shipping
- 100% Satisfaction Guarantee

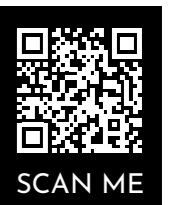

OUR WORK PROCES

Since its inception in 2012, Milachocolata has established itself as an exclusive chocolatier in the world of handmade chocolate. Never tempted by the lure of mechanization. Milachocolata possesses a wealth of expertise and creativity and is driven by a real passion for high quality finish and the best raw materials.

OUR VALUES

We work with Callebaut® Belgian chocolate made with sustainable chocolate. This one chocolate helps the way of life of thousands of cocoa farmers and their families in West Africa improve. Together with the "Cocoa Horizons Foundation", we offer them access to training programs, financial incentives and agricultural tools. In addition, we invest together in four programs: education, child protection, (work) opportunities for women and health. We believe that "Delicious chocolate needs fair trade cocoa beans, now and in the future"

With every Callet™, Milachocolata supports the cocoa farmers. Cocoa beans are the livelihood of thousands of people in Ghana and the Ivory Coast. Their craftsmanship is the basis of the unique Callebaut® taste. Every day we see the challenges they face. Poverty, child labor and a lack of clean water and safe food are common. Let's face these challenges together and support the local communities.
